(FOR KEY SEE REVERSE)

In April 1954 trucks of the state-owned transportation company (0948/3602/6663/6551/0361/0674) in Changchou were under the direction of the provincial transportation bureau (6663/6551/1444). The company had approximately 100 trucks in Changchou, but the total number was subject to change because the transportation bureau could and did assign trucks from one location or company to another location or company within Fukien. The trucks used by the company were those formerly owned by private companies and were Fords, Fargos, Chevrolets, Internationals, General Motors and Dodges, and a few were United States Army 6 x 6 trucks.

Most of the trucks were models manufactured between 1941 and 1946, and the capacity of the trucks was from two to seven tons.
